Paddy

Sadly Paddy passed away on 6th September. His crossing over the rainbow bridge was peaceful. In his nineteenth year he has enjoyed a long life. Having decided to leave his former home he ended up with those lovely people at Caring for Cats near Market Weighton before finding his forever home with us. He now journeys on without us we will certainly see a new bright star in the heavens tonight.

Benji chose me in April 2013, but just sometimes regrets his decision.

Hercules

Because of the demands of his health condition, he has remained with the charity in a long term foster home, along with two other diabetic cats. Since then Hercules has put all his weight back on, and is living comfortably in a loving home where his health needs are taken care of. Please help support Hercules and the other cats like him who deserve the same second chance of a happy life that any healthy cat does.

KitKat

Hi my name is Kitkat. I took over my forever home on 21.06.2017.
A day my new feline brother and sister will never forget. After a few days of upset I now have a patient older sister and a rough and tumble bug fluffy brother. I spend most of the day purring. I am a very confident young girl much loved by the whole household including the dog.

Smudge
Adopted from C4C June 2010 (Originally Mouse) what more can a girl want? Jigsaw puzzle and a good glass of red and most importantly me, Smudge. I wish that my forever Mum could adopt all those pussy cats awaiting forever homes but as she says "I am the light of her life".

Louis

Hi name is Louis (named after a 1 Direction group member) by my youngest human, formally known as Walter. I arrived at my forever home in February 2014, looking like a buddle of fluff. I am very much a daddy's boy but everybody who meets me loves my magnificent tail, I am a comical and sometimes very clumsy boy.

GIFTS IN WILLS

Their need, our dedication

Every week we receive dozens of calls about stray, feral and abandoned cats living without food, shelter or warmth. Since 2000 we have made room for these vulnerable animals so that they don't have to suffer. We care for them, bring back their health, and make sure loving families adopt them to give them happy futures. The safety and happiness of every one of our rescue cats and kittens is dependent on one thing. Our donors. Without you there is no option for them but trying to survive on the streets.

You can make sure that we can go on rescuing and finding happy homes for them. As a small independent charity any gifts in Wills (or legacies) we receive have a big impact on our work in Yorkshire. Our monthly costs average nearly £10,000 – at least two-thirds being veterinary and medication costs - which we have to fundraise ourselves. So you can understand how especially grateful we are when a caring animal lover goes on supporting our work by leaving a legacy.

Making a difference

No matter how small or large your bequest it will help us go on making a difference to the homeless, abandoned, injured, stray and feral cats that have no-one else to help them.

Leaving a gift in your Will to Caring for Cats, either money or property, allows you to make a real difference to local cat welfare even after you are gone.

Your passion in life for cat and animal welfare can live on through our work.

Thank you for your kindness and generosity, and most of all for caring as much as we do.

Visit www.caring4cats.org/giftsinwills to find out more.

Billy

A chance conversation at an Open Day, with a new volunteer who wanted to come and meet Billy, gave him his second chance. Happily this once-treasured boy, with his urinary problems and his brittle orange fur, has gone to live in his very own forever-foster-home and his foster-parents will continue to take him to see our supporting vets. Tonight, and every night through his twilight years, he'll be safe, he'll be indoors - and can you guess where he'll be sleeping now? You guessed it; he'll be sleeping on the bed! Well, we always say... whose bed is it anyway?
